

Foreign nationals who are not enrolled in the Japanese Public Health Insurance but still wish to be seen by our physician

If you are a foreign national and are not enrolled in the Japanese Public Health Insurance but still wishes to be seen by our physician, as a general rule, you will need to contact a medical tourism travel agent for a support to ensure you receive a safe and effective care, medical treatment or consultation including your arrival/departure process as smooth as possible.

We have a business partnership with Wellinks Co., Ltd. If you would like to be seen by our physician, please contact Wellinks Co., Ltd. Further, if you contact us directly, we may ask you to contact the above agent for a support. Thank you for your cooperation and understanding for us to be able to provide a safe and effective patient care as smooth as possible.
